

GoRoll™ Mobile

Maximize Your Mobility Rental Revenue

Theme Parks | Museums | Zoos | Stadiums | Parks | & More

✓ A Touchless Mobility Rental Solution

GoRoll is a full featured web-based application that allows guests to rent mobility equipment in the palm of their hands. Provide guests a fast and sanitary way to begin their mobility rental. GoRoll can be customized to fit your venue and fleet needs to help get everyone rolling.

✓ Why GoRoll?

- **Contactless Transactions** offers a quick and safe guest rental experience.
- **Web-based Application** initiated by QR code is easy to use without need for app installation.
- **Robust Backend** provides easy to access daily and monthly reporting.
- **More Efficient Workflow** for both your staff and your guests.

GoRoll™

Available in two separate formats, **GoRoll Capture** provides ease of use for your guest rentals. **GoRoll Pay** includes optional point of sale integration.
